Dynaxys Voted One of the Top 40 Healthiest Employers in Greater Washington for 2011

Silver Spring, Maryland, July 27, 2011 - The *Washington Business Journal* recently announced Dynaxys, LLC as one of the Top 40 Healthiest Employers in the Greater Washington Area for 2011.

Dynaxys places the health and wellness of its employees as a top priority of the company. Between hosting health fairs, sponsoring on-site annual flu shots, and providing healthy cooking demonstrations, Dynaxys works to nurture the well-being of its employees. Employees are connected to our Employee Assistance Program for such service as summer camps, quality child care, grief and tragedy counseling, healthy bodies' workout and relationship programs. Dynaxys also aims to provide wellness programs that fit the needs of the employees. Annually, employees complete a survey on the current wellness initiatives and offer suggestions for new ideas. "By building our health and wellness programs around what our employees find effective, Dynaxys is able to provide more personalized and beneficial programs," says Human Resource Director Cathy Silva. "To have a healthy and happy workforce is something Dynaxys really strives for."

With fellow award recipients like AOL and Allstate Insurance, Dynaxys stands out as a woman-owned small business where enacting health and wellness programs can prove to be a great challenge. However, Dynaxys President Lisa Miller states, "Promoting a positive work environment is a priority and encouraging a focus on personal health is a major component of that. To be recognized by the *Washington Business Journal* is truly an honor, however the contentment and good health of our employees is the true reward."

Dynaxys will be recognized at the *Washington Business Journal's* awards reception on Thursday, September 22nd at the Grand Hyatt Washington. Additionally, *The Washington Business Journal* will feature a profile of Dynaxys in the September 23-29 issue.
